

The Committee for Liaison with American Indian Tribes of the Uniform Laws Commission is in the process of selecting a drafting project to follow the Model Tribal Secured Transactions Act (“MTSTA”). We are contacting you because of your participation in the MTSTA drafting project.

We solicit your views on what type of model act could be adapted from an existing uniform act or drafted by the Committee that would be of the greatest use to Indian Tribes. The Committee will meet in March of 2008 to discuss proposals to be made to the Executive Committee of the Commission, at its July 2008 meeting.

We would appreciate receiving any suggestions or other input that you have by February 28, 2008.

We appreciate your participation in the MTSTA drafting process and look forward to hearing from you on a potential next project.
