Lawyers & Ethics Assignment

Fletcher

Class 3

Attend Lisa Madigan’s lecture on September 13, 2011. [http://www.law.msu.edu/kelleyethics/](http://www.law.msu.edu/kelleyethics/)

Give me 300-400 words on one of the following two questions:

1. Identify a position taken by Lisa Madigan that conflicts in some way with a position taken by Roberto Unger (pp. 86-95). Explain how they conflict, and supply an argument on which one has the better of the other.

2. Defend this position: High-level government attorneys are more ethically responsible for the actions of their subordinate attorneys than high-level military leaders.

Make an argument, relying on evidence from materials you have learned – don’t give me your opinion. I don’t want it.

The assignment is due via email to me by Noon on September 15. No class on the 15th.
